HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Buchu.

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY

For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,

and all Diseases of the Sexual Organs, whether in

MALE OR FEMALE,

from whatever cause they may have originated, and

No Matter of How Long Standing.

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure

Certain and Permanent

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients This infallible remedy has saved thousands upon thousands from the hands of

Merciless Quacks,

if not from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing

SAFE CURES

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOSITION It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them,

Delays are Dangerous

With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient to a perfect state of Health and Purity—And as a medicine which must benefit everybody, from the simply delicate to the confined and desparing invalid, no equal is to be found, it acting both as a Cure and Preventive of any of the above ailments

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla,

—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and imprudence in life, chronic constitutional disease arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all scaly Eruptions of the Skin

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed, whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects Numerous letters have been received from the most distinguished physicians in the country and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and in consequence are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskilful management of those unacquainted with pharmaceutical preparations. It is, therefore, of the highest consideration and importance to the public and to the faculty, that there should be standard preparations of uniform strength and possessing the most advantages To effect this and obviate the evil alluded to I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made Two table spoonfuls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup of Sarsaparilla of decoction, as usually made.

—PRICES—

Fluid Extract Buchu, $1 per bottle, or 6 for $5

" " Sarsaparilla, " "

Certificates of cures and recommendations from distinguished professors and physicians, will accompany each preparation. Prepared and sold by

GREAT

American and Foreign Office,

—FOR—

Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U S PATENT OFFICE, WASHINGTON

R. H. EDDY,

No. 76 State Street, opposite Kilby St., BOSTON

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U S Patent Office under the Act of 1837) determined to present advantages in applying for patents, superior to those offered inventors by others, has made arrangements, whereby, on applications prepared and conducted by him, THIRTY DOLLARS (instead of twenty, as paid back by others,) will be remitted by him in case of failure to obtain a patent, and the withdrawal, through him within thirty days after the rejection

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications, Assignments, and all Papers and Drawings necessary to the procural of patents in this and foreign countries, prepared, and advice rendered on legal and scientific matters respecting inventions, and infringement of patents All necessity of a journey to Washington to procure a patent, and the usual great delay there are here saved inventors.

Copies of the claims of any patent furnished for one dollar Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through agents of the high est respectability.

R H EDDY, Solicitor of Patents,

TESTIMONIALS

"During the time I occupied the office of Commissioner of Patents R H EDDY Esq., of Boston did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity, and success. I regard Mr Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office,

EDMUND BURKE,

Late Commissioner of Patents"

[From the present Commissioner]

"August, 17 1855 —During the time I have held the office of Commissioner of Patents R H Eddy Esq, of Boston, has been extensively engaged in the transaction of business with the Office as a Solicitor He is thoroughly acquainted with the law and the rules of practice of the office I regard him as one of the most capable and successful practitioners with whom I have had official intercourse

Cheap & Convenient Building,

Door, Sash and Blind Factory,

A. DUNBAR

HAS been very successful in completing several contracts for Door Frames, Doors, Window Frames and Sashes, and Blinds, for good dwelling houses and other buildings to be erected in this city, the coming season He has excellent workmen in his employ, and has superior stock, so that he is now able to supply to those about to build the best articles of Door Frames, Window Frames, Sashes, and Blinds, made to any dimensions and of superior quality, either for a whole building or for a less quantity The trouble and expense of building is very much lessened by having these articles made separately, so that the carpenters have only to put them in their place in the structure

This business has now become so well systemized that only a small margin is left in knowing beforehand the cost of a dwelling-house, while the work is of a uniform excellent quality

Any one interested can examine specimens of the work at the factory, near the Rose Place, or at the store of M S Jackson, on Exchange st, and at either place any article may be obtained or large quantities ordered

Mr. Dunbar is also prepared to furnish Window Blinds ready painted, and will hang them at the shortest notice

By long experience, and by determined perseverance, the subscriber is now enabled to suit his customers, both in quality and price, and so well organized is the business that no man should now think of building in the old and slow and imperfect methods

BALTIMORE, Jan 8, 1856

Messrs 'C & J Marshall—Gentlemen At the request of your Agent in Baltimore, in regard to our opinion and experience of your copper coated spikes, we, without hesitation, say we believe them the best substitute for copper yet introduced and better fastening for ships, inasmuch as you have the strength of iron with the preservative qualities of copper

We have used some of your Spikes in old vessels as a substitute for copper, and have had occasion to draw them out a year afterwards, and found them with the coating as firm as when they were driven, and with no appearance of oxidation.

Very respectfully yours,

(Signed) JOHN D PARDY & BRO

WHALEBONE SKIRTS.

THE only object of a Whalebone Skirt is to give a proper graceful and elegant form to a lady's dress Unless this is accomplished, the article is entirely worthless The Ladies, by referring to Frank Leslie's Gazette of Fashion for April, will notice that E. & J HOLMES have, from actual experience, been successful in producing this most desirable article, and that their IMPROVED SEAMLESS SKIRT meets the unanimous approbation of the ladies They are light, pliable, and easily adjusted, and the only Skirt which is equally adapted to the parlor, the street and the crowd, are made in one piece or breadth, and in our opinion and in the opinion of thousands of ladies who have bought them, the most reliable goods of the kind in the market We were the first to introduce a Whalebone Skirt, and from our experience in the manufacture and retail of these goods, we have found that all kinds of cotton cord, and nearly all kinds of cord, and all starched goods cannot be used satisfactorily, as they will not recover their place when pressed out of shape. We consider all

WHALEBONE SKIRTS

as worthless, of whatever material made, unless there is something of sufficient stiffness and elasticity, and at the same time yielding and pliable to keep the dress in proper shape below the bones To accomplish this we have our cord made under our own direction, and expressly for our goods and from the only material that can be used that will recover its proper place when pressed out of shape, and are so twisted in manufacturing that they will not roll or curl when wet, and warranted to wash without injury The public are cautioned against all worthless goods, as the market, since our goods have become popular and extensively known, has been flooded with goods of all kinds, and put together without form or comeliness, or any other object but to sell, and of course are called Whalebone Skirts Some imitators, in their efforts to profit by our reputation, have gone so far as to copy almost exactly our trade mark upon their goods

PLEASE NOTICE.—Every genuine article stamped E & J Holmes' Improved Seamless Whalebone Skirt, and may be found by the trade in many of the largest Jobbing Houses in New York and Boston, and at retail in the principal Dry Goods stores

"Order Reigns at Warsaw."

Thus it was reported to the Russian despot when the cause of the brave, but unfortunate Poles had been crushed out in blood So in Kansas—it is now reported that order is likely to reign—that some measures have been taken by the General Government to drive out the lawless invaders who have been carrying fire and sword, insult, rapine and violence through the territory for months past, and driving the free State settlers from their homes Col. Sumner, it is now reported, has driven out Buford, Jones, Shelby, and other leading ruffians, and has blockaded the principal roads Whether it is so or not remains to be seen Later accounts say that the ruffians have fired on and beaten back some of the U S troops.

It is known, however, that the leading Buchanan men have become exceedingly alarmed at the tone of public sentiment, and at political prospects at the North, in view of the Kansas and Sumner outrages, and that they have brought a great pressure to bear upon President Pierce to induce him to stop the Kansas outrages, even at the eleventh hour, in the hope of thereby allaying in some degree the just indignation of the people against the democratic party, whose men and whose MEASURES have been the direct producing cause of all the outrages which have been committed. It is too late, however for that The responsibility of the things which have been done in Kansas lies at the door of the sham democracy—and they cannot escape the just retribution for their deeds

Kansas has been "subdued" for the present, by the border ruffians, aided and abetted by the General Government. The black laws of the bogus Legislature have been and are now sustained in Kansas, by the armed soldiery of the United States It is at this day FELONY for any freeman in Kansas to declare that slavery is illegal in that Territory—a Territory where, as we have been told, the people were to decide upon their own institutions. It is felony there to-day, even for a man to circulate or aid in circulating any document calculated to prevent the existence of slavery—for if a man may not question the actual legal existence of slavery in Kansas at the present moment, how is he to argue against its *establishment*? The question is foreclosed upon him The black laws of Kansas do actually, to all intents and purposes ESTABLISH slavery there IN DEFIANCE OF THE WILL OF THE PEOPLE—and these laws the President still says MUST BE OBEYED! The price of the very protection now so reluctantly offered, is, according to Col Sumner himself, "UNQUALIFIED SUBMISSION TO THE BLACK LAWS, AND TO THE BORDER RUFFIAN AUTHORITIES set up by the bogus Legislature. And the movement now made to expel some of the leading ruffians *comes after the outrages and the mischief have all been perpetrated*. It comes after the pro-slavery villains have accomplished in a great degree their declared purpose from the beginning—viz "*To drive the d——d abolitionists from the Territory*" Large numbers of the free State men have been driven out, including most of the active leaders whose efforts are necessary in securing an effective free State vote Many of those remaining are already under arrest for alleged "treason" in endeavoring to establish a free State government, and warrants are out for others, who will be arrested by the aid of U S. troops, and all of these will be imprisoned under the black code, so that they can do nothing in the next election. The game of the pro-slavery party has been to break down, intimidate or drive out, by violence all effectual opposition to the establishment of slavery; and they have been enabled to do this to a great extent by getting the countenance and aid of the general government and of the democratic party in the execution of the black laws, which were enacted expressly to prostrate free Kansas at the feet of the slave power. And the general government is even now doing this, and is upheld in doing it by the Buchanan men themselves—for they all say, as Pierce says, that these black laws MUST BE OBEYED. Order, then, reigns once more in Kansas, if it does reign, at the expense of freedom, of right, of justice, and of popular sovereignty. The pro-slavery cause has been forwarded so far as it possibly could be forwarded by the aid of President Pierce and the democratic party, and James Buchanan declares that he follows in the footsteps of President Pierce, and "squares his conduct by the platform of the party" The people will reckon with them all in November, as we trust and believe.

The Proof of the Ten Cent Declaration.

The Buchanan papers deny that their candidate ever declared that ten cents a day is wages enough for a laboring man That James Buchanan did practically take that position is nevertheless true,—and has been proved from the record - We give the Albany Journal's statement of the facts

In the United States Senate, on the 22d of January, 1840, in the debate upon the Independent Treasury Bill, James Buchanan in reply to Henry Clay, said—"REDUCE OUR NOMINAL TO THE REAL STANDARD OF PRICES THROUGHOUT THE WORLD, AND YOU COVER OUR COUNTRY WITH BLESSINGS AND BENEFITS." At that moment, the "real price" of labor in France was 7½ pence a day in Calais, 5 pence in Boulogne, 8 pence in Nantes, and from 4 to 7 pence in Marseilles,—an average of less than 6 pence a day, without board In Saxony at that time, a weaver at his own loom could earn no more than 69 cents a week Swedish harvest hands got from 3 to 4 pence a day Bavarian laborers got 8 pence a day, and boarded themselves. German laborers earned only 7 pence a day, out of which they had to purchase their food Lombardy, Genoese and Tuscan laborers could make but about 6 pence a day without board "Not to put too fine a point upon it," the "real standard of the price" of labor throughout the Old World, when Buchanan made his speech, was *ten cents a day*

"Ten Cent Jimmy" therefore, was a justly merited name of reproach from the laborers of the United States, to that statesman who declared that it would "cover our country with blessings and benefits," if the price of American labor was reduced to the world's standard of its value.

The Fillmore National Club of New York Gone over to Fremont and Dayton.

A meeting of the Fillmore National Club was held in New York on Saturday evening, at National Hall, when the following resolutions were unanimously adopted

Resolved, That Freedom is national—Slavery sectional

Resolved, That the People's Convention, lately held at Philadelphia, have enunciated the doctrine of the last resolution, and placed in nomination candidates who abide by its undying truth and that, therefore, we will support the nominees of that Convention for the office for which they are named, and will hereafter contend for the principles of Americans and freemen, in the elevation of Fremont and Dayton.

Resolved, That the name of our Club may accord with the intention of our present organization, that the Club be hereafter known as the "American Republican National Club"

The reading of the resolutions was interrupted with frequent applause. The motion to adopt the resolutions was put and carried with but one dissenting voice.

Mr Van Riper read an address of which the following is an extract

TO THE MEMBERS OF THE AMERICAN PARTY

As an act of justice to my associate members of the National Club, and that no wrong impression may go abroad as regards myself, I conceive it my duty that I should come openly before the community and define my position for the coming campaign. I here publicly proclaim that I intend to support the nominees of the Philadelphia Convention, Col. John C Fremont and Wm. L. Dayton upon one great principle—it is against the extension of Slavery. In the American Convention convened at Philadelphia February 18, I here openly acknowledge that I went there as an American, devoted to its principles and favorably inclined toward the South In that body a portion of the Northern delegates stood firm and undivided, "as a unit" against the aggressions of the South I thought they were too extreme, that they allowed the question of Slavery to be a paramount one, I felt annoyed at their acts but I had not been in that Convention many hours when the truth convinced me that she was the true tyrant, that she was the "parricide of the party" I idolized, because she acknowledged no principle but self I therefore returned back an altered man upon the subject of Slavery Before I was indifferent but I realized then as I do now, that the question must be met, and I then determined to espouse the cause of justice and humanity I therefore stand before the community, not as a servant who dare not show his true feeling, but as an American citizen, proclaiming my true love of country and the union of these States, by voting aye or nay upon a national question, for 'freedom is national and slavery sectional Whether the majority of this country is opposed to its extension or in favor of it, there is no conservative ground in the coming campaign There was a time when that plea of conservatism would touch the human heart, but, using a vulgar expression, "that's played out All must take a position To those friends who, perchance, will not be with us in this election, I can but say to them, farewell, with deep regret, hundreds of your comrads have proclaimed that they will be with us in this great issue, and, using their language, 'not that they love the principles of the American party less, but love the union of these States more

In the reading of the address there was frequent applause Upon its termination three cheers were proposed and given, with the greatest enthusiasm, for the "American Republican National Club"

A new work from Miss Bremer cannot but be acceptable to her many admirers, but particularly one on the subject to which this is devoted In "Hertha, the writer draws a picture of the situation of women in Sweden, with reference to its laws and social customs "The patriarchal bonds," says Miss Bremer, "which keep back the growth of woman's mind and social life in Sweden, and which sometimes amount to the most crushing tyranny, are shadowed forth in these pages often with a heavy heart." The attractive style of the writer, alike with the attractiveness of the subject, will find many readers for "Hertha"

The fire yesterday afternoon was on the outside of a shed in rear of one of the Irish houses at the foot of York Street. It was extinguished with a few buckets of water. Cause of fire—probably a pipe, or matches in the hands of children.

One or two articles from correspondents were received too late for this paper.

The students of Williams College at Williamstown, Mass., held an enthusiastic Fremont meeting on Thursday evening, last week.

The following preamble and resolves were passed by the Conference of the Sebec quarterly Meeting of Freewill Baptists, at their last session holden at Sebec, June 20th, 1856

Whereas the slave power, North and South, by their words, acts, votes, pistols, rifles, cannon and canes, with a pro-slavery President at their head, are seeking to destroy the dearest rights, privileges and liberties of American citizens, therefore—

Resolved, That this Conference stand pledged to each other, to our country, to our religion and our God, to use all our influence at home and abroad, in the pulpit and at the ballot-box, to counteract the nefarious design.

Resolved, that this Conference commend and honor the Hon. Chas. Sumner for his bold and powerful effort in favor of injured Kansas, and that we sympathize with him in his suffering caused by the cowardly and murderous assault of the wicked Brooks

SUDDEN DEATH.—Capt Decrow, aged about 68 years, one of our old and respected citizens, died very suddenly yesterday afternoon (26th) in the store of his son on Central Street. He was in good health up to a few minutes before six o'clock, when he suddenly put his hands to his head and fell senseless to the floor Dr Morison and other physicians were soon in attendance, but all efforts for his recovery were unavailing, he lived only about ten minutes after falling His disease was supposed to be an affection of the heart.

THE ISSUE.—Thomas Butler King, of Georgia, (a member, as he said, of the late Whig party) assured the Buchanan ratificators in New York that the South would be with them throughout the glorious contest He also added "*Any man who does not go with the South in this contest will be set down as desiring the dissolution of the Union*" This then is a war waged for the South. Who said "sectional parties?"

DEMOCRACY AND THE PRICE OF NEGROES—Gov Wise, in his speech at the Democratic ratification meeting in Richmond, said that the *election of Buchanan would enhance the price of niggers from $1000 to $5000*! What an argument to the chivalry! What an argument to the North!

JOE PENTLAND, the unrivalled clown who brings with him the most immense establishment now in New England, consisting of 160 men and horses, will perform on State St. in this city on Thursday and Friday, July 3d and 4th Pentland has met with great success in all parts of the State where he has exhibited and the papers speak in the highest terms of the performances.

WAR STATISTICS.—A late speech in Parliament by Lord Panmure, contained many interesting statistical details in regard to the war just closed The navy was shown not only to have contributed in a great degree to the success of the Allies, but to have been absolutely indispensable During the years 1854-5 British transports and war vessels conveyed 123,105 men from England to the Mediterranean, and 26,669 from the Mediterranean to the Black Sea, besides transporting 52,919 French troops to the Baltic and Mediterranean, and 19,301 Sardinians to the Black Sea In the Black Sea they moved 170,634 troops, and they moved 43,185 coastwise. In short, the British navy was instrumental in bringing into active service an aggregate of 435 803 men. In addition to this they transported about 20 000 horses and 339,918 tons of stores to the seat of war, a limited portion of each being French and Sardinian

In regard to the army, it is stated that at the close of the war the British army in the Crimea numbered 70,000 men, the number of militia enrolled during the war was 63,603, besides which three foreign legions, with a total of 16,821 men were raised, together with a Turkish contingent of 23,479 men In the course of the war England has lost 22,467 soldiers, of whom 1993 only fell in battle, 1621 sank under their wounds, 4297 died of cholera, and 11,451 of other diseases, and 2,873 were discharged from service from wounds and sickness Thus it will be seen that fearful as is man's power and disposition to destroy human life, the laws of nature are far more terrible and destructive when disobeyed, than the deadliest artillery.

The losses of the French, so far as they have been ascertained, amount to 60,000, while Count Orloff admitted at Paris that the Russian loss was not less than 500,000! The great disproportion between the losses of the Allies and those of Russia—about 90,000 for the former to 500,000 for the latter—is mainly accounted for by the fact that the Allies moved their men and supplied them with stores and provisions by sea Russia moved hers by land across many dreary leagues of territory, in the midst of snow and frost While the troops of proud Albion were making a comfortable voyage to the Crimea in staunch, warm ships, with plenty of wholesome food, the Muscovite soldiers were dragging their weary steps, cold, hungry and sick, over immense distances—perhaps from the northern part of the empire, where the population was exceedingly sparse, the country uncultivated, and its resources for provisioning an army of no account whatever The number of men who were lost in these terrible marches, which are not equalled for the display of energy and gigantic power by the passage of the Alps by Napoleon, is estimated at the enormous number of *three hundred thousand* The history of the world affords no parallel to this awful mortality in armed bodies of men—It exceeds by one hundred thousand the number who fell by disease and in the shock of battle in the Crimea

The fate of the poor fellows who perished thus ignobly by the wayside was indeed a sad one Starting on their march large in numbers and confident in strength, they moved across the country in bands numerous as the hosts of Xerxes, blackening the landscape by their presence. But the elements of earth and air, the cold rains of autumn, the deep snows and chilling blasts of winter, and the icy touch of the frozen earth which they were compelled to make their couch—were more potent than the edict of an autocrat, and the fiat of the Almighty stayed them in their march and released them from the service of the Czar. By thousands they fell lifeless of exhausted from the ranks, to find in the snow their only winding sheet, or the black hillside and pestilential marsh their final resting place, marking the course of their march by a line of human corses extending from St. Petersburg to the Crimea—a veritable highway of death! Such are the trophies of war!

The loss sustained by Sardinia by this war has not yet been ascertained, and that of Turkey probably never will be The war cost England one hundred million pounds sterling, and has thrown back her advancing civilization many years.—*Boston Journal.*

CHILLY! The "ratification" of the sham-Democracy on Thursday night, got up after a Week's notice, was the most unmitigated fizzle known here since the first Cass meeting in 1848. Senator Sickles goes back to New York with a sorry tale.—*Rochester (N. Y.) Dem.*

HORRIBLE AND FATAL TRAGEDIES IN NEW ORLEANS The New Orleans Bulletin relates the particulars of two bloody tragedies which occurred in that city on the 14th inst. Michael Higgins, a clerk in a cotton house, went home on Saturday night intoxicated, and finding his wife in bed, ordered her to get up and get him some water, or he would kill her. She sprang up alarmed, and rushed out of doors—He immediately seized a shot-gun and fired, the load entering his wife's abdomen, wounding her in a horrid manner, and destroying her life She was only 21 years old The parties in this affair had several children, the youngest about fourteen months old The other tragedy occurred between Edward Wisely, Capt Joseph Gibson, and the wife of Gibson Wisely had been in the habit of going to the house of Gibson to see a negro, which gave offense to Capt. Gibson, and ill feeling had been engendered between them On Saturday evening Capt Gibson was at the house of Mr. Marvel, when Wisely came in, and Gibson proposed to drop past difficulties, but Wisely refused Gibson remained so late that his wife came after him As they were returning home Wisely followed and made an attack upon Capt. Gibson with a bowie knife, cutting both arms—Mrs. Gibson instantly sprang between her husband and Wisely, when the latter plunged his huge bowie knife into her abdomen, inflicting what is pronounced a mortal wound. Capt Gibson instantly drew a dirk and stabbed Wisely to the heart and he fell a corpse. Capt Gibson offered to give himself up, but nobody was disposed to arrest or accuse him of any crime

SUDDEN DEATH OF AN UNKNOWN CHILD—A female of between the age of thirteen and fourteen years, died suddenly at the Reform School in Providence, on Wednesday last She was found dead in bed, having previously been in a good state of health The most singular part of the affair is, according to the Providence Journal, that she was "taken up in the street and committed to the Reform School, Nov. 6, 1853, and remained there up to the time of her death Nothing is known of her parents or relatives, none have ever visited her since she has been there, and the inquiries which have been made by the keeper, directed by such information as he could obtain from her, have proved unavailing It is not known that the name by which she was committed is her true name"

Sydney Smith says—"Most London dinners evaporate in whispers to one's next neighbor—I make it a rule never to speak to mine, but fire across the table, though I broke the rule once, when I heard a lady who sat next to me, in a low, sweet voice, say—'no gravy, sir' I had never seen her before, but I turned suddenly round and said, 'Madam, I have been looking all my life for a person who disliked gravy, let us swear eternal friendship'"

Jim Myers to the Public.

A report having been put in circulation, thro the medium of malicious and interested parties that M'lle Louise the young lady who daily makes the grand ascension upon a single wire in front of Jim Myers Great Show, had fallen and injured herself, the proprietor in publicly proclaiming the heartless falsehood of the whole story, and his contempt for its vile authors, feels impelled by a sense of duty to expose the base motives which instigated the slanderous rumor, The mean falsehood had its origin in one of the hangers on of a rival establishment, who, envious of the well earned popularity and unprecedented patronage lavished upon Jim Myers' establishment, sought to injure it by spreading the report that one of its conspicuous attractions had been destroyed. It affords Jim Myers great pleasure in announcing the perfect health of M'lle Louise, and that altho she has performed her astounding feat daily since the commencement of the season, besides having on previous occasions repeatedly walked across some of the principal streets in Paris at an elevation of 100 feet from the ground, she has never yet fallen off her wire or sustained the slightest injury from accident of any kind.

And furthermore, Jim Myers has the only show where Cinderella is performed—the only place where a man walks the ceiling feet up and head down—the only exhibition where outsiders can witness a lady make an ascension on a wire 60 feet from the ground—and, in fact, the only "Great Show" in the country, and the only one that performs all it promises in its bills

Persons living at a distance from town are respectfully notified, that M'lle Louise will make her grand ascension in Bangor on Thursday and Friday, July 3d and 4th, at precisely half past 1 P M, outside the Pavilion of Jim Myers' great show, walking upon her single wire a distance of 200 feet, and to an elevation from the ground of sixty feet, provided the weather is not stormy

Congressional.

WASHINGTON, 26th

SENATE. The Senate took up Mr Adams' resolution, providing for the adjournment of Congress on the 28th of July.

Mr Seward opposed the resolution. He thought the business of Congress was in no condition to allow the fixing of a day for adjournment, and especially at a time so early as had been designated or designed. The real business of the day—Kansas—had not been taken up in the House, and even here, it had ... reached an intermediate stage.

On motion of Mr Crittenden, a resolution was adopted directing the Committee on Judiciary to examine the laws regulating the succession to the Presidency in case of the death of both President and Vice President, and in ... they deem further legislation on the subject necessary, to report by bill or otherwise.

The rules were amended so as to make it the ... of the presiding officer to call Senators to order whenever they violate parliamentary decorum.

Mr Stephens replied that Mr Campbell mis... He was not present at the time. The Kansas Nebraska bill had nothing to do with bringing the troubles on the country.

Mr Campbell said the tree is known by its fruits.

Mr Stephens rejoined, evil is not the fruit of ... tree. He should speak of it hereafter. Mr Campbell. So shall I. Send the bill to the committee of the whole on the state of the Union, and the majority can bring it before the House when they choose.

Mr Campbell reminded the House of the fact that when Mr Cutting moved thus to refer the Kansas bill, Mr Breckenridge, the candidate for the Vice Presidency, said Mr. Cutting sought by this side blow to kill the bill, and accused him of treachery, which difficulty came near being settled on the field of conflict.

Mr Dunn said explicitly he never would vote for the bill in its present form. He wanted the measure secured, but surely not in the revolutionary form contemplated.

Mr Washburn of Maine made remarks condemnatory of the position of Mr. Campbell of Ohio.

Mr Haven said he was against the bill unless it be essentially modified. He thought action there now would be premature. The House should first have the report of the Select Committee on Kansas affairs, in order to determine the source of the present disorder in the Territory. He would favor no extreme measure. He wanted to meet the question on the broad basis of fact, governing his conduct without reference to the North or the South.

Mr Grow gave notice that he will on Saturday move the previous question on the bill.

Mr Morrill, from the Committee on Territories, reported a bill to punish and prevent the practice of Polygamy in the Territories of the United States, providing a penalty of $500 and imprisonment for not less than two or more than five years. He (Mr Morrill) said there was but one dissenting vote in the Committee, and the only difficulty was to the power to legislate on the subject.

Referred to the Committee of the Whole on the state of the Union.

The remainder of the session was devoted to the consideration of criminal business. Adj.

Ratification Meeting at New York.

NEW YORK, 25th.

The friends of Fremont and Dayton held a Ratification Meeting at the Broadway Tabernacle last evening. An immense crowd was in attendance, and all seemed animated and harmonious. Mr Stillman presided, assisted by a number of Vice Presidents. Mr. Howard, of Michigan, of the Kansas Investigating Committee addressed the meeting, and his remarks were most enthusiastically received. Mr. Trumbull, New York Senator, Mr. Emmett and others also addressed the assemblage, responding to the nomination of Mr. Fremont in the most enthusiastic terms.

Letters from William H. Seward, Preston King and other distinguished members of the party were received and read. After the meeting a procession was formed, and visited the house of Col. Fremont, who in response to repeated calls, appeared on the balcony and spoke as follows:—

"*Gentlemen*—I thank you for this friendly call, and am happy to receive this enthusiastic expression of your devotion to the cause in which we are engaged. The enthusiasm you have manifested and the seriousness of the cause to which it is directed, give me great confidence in your final and complete success. If I am elected to the high office for which your partiality has nominated me, I shall endeavor to administer the Government according to the true spirit of the constitution, as it was administered by the great men who framed and adopted it, and in such a way as to preserve both Liberty and the Union. In my present relations to you, it is hardly proper that I should say more to-night, especially as you will hereafter expect me to communicate with you more fully, and I therefore content myself with again thanking you very warmly for your congratulations and the kindness which you have manifested towards me."

Mr. Fremont then retired amid enthusiastic and repeated cheers.

Judge Emmett, in answer to repeated calls, appeared on the balcony and assured the people that with their noblest ladies and the pure principles of their platform success at the next election was certain. In the name of Mrs. Fremont he wished to return his sincere thanks for the kindly manifestations which they had made on behalf of her husband. [Loud cries—"Let us see Jessie." "Let us see Jessie"]—This demonstration is an omen of success in their principles, he thoroughly understood by the American people, and Col. Fremont would be the next President. In conclusion he proposed three cheers for Col. Fremont, the people's candidate. The people responded with three times three. The call for Fremont and our Jessie continuing, Col. Fremont and Judge Emmett led her forward to the balcony. Her appearance was greeted with the warmest acclamations. Bowing her acknowledgments she withdrew; and after several airs by the Band and renewed cheering, the procession retired.

Ratification Meeting at Portland.

PORTLAND, 26th.

A big and enthusiastic Fremont ratification meeting was held at Deering Hall, this evening, and addressed by Ex-Gov Kent, Senator Hamlin and other distinguished speakers.

Kansas Matters.

ST LOUIS, 26th.

Advices from Kansas state that Gay, Agent to the Shawnee and Wyandotte Indians, was murdered by a party of Indians on Saturday last. Mr Gay was accompanied by his own son, who escaped severely wounded. On Monday, the murderers were still undiscovered. It is reported that Gov Shannon has resigned the Governorship to take effect on the 1st of July.

The Republicans intimate that if Willard P Hale of Me be appointed in his place, peace will be restored in the Territory within thirty days.

It is rumored that Mr Brown, the Editor of the Herald of Freedom, has been killed. The report comes from Westport.

It is also reported that Col Sumner had a fight on the 19th inst with a party of Missourians. He lost two men. Several were killed and some wounded on the other side. But the result was that Col Sumner drove the party back to Missouri, and stationed troops to prevent their return.

It is further stated that Col Sumner refused to let a party of 40 Southerners come to Westport to settle on their claims at Hickory Point, where they had laid out a town. It is likewise reported here, that a company of 80 men, who had recently left Chicago for Kansas, had their Sharpe's rifles and revolvers taken from them at Lexington. It is reported that they were very insolent on board the boat, threatening what they would do under certain contingencies. No violence was offered to them.

A letter to the Democrat, from Lawrence, 19th, says that Deputy Sheriff Layman, at the head of 40 dragoons arrested on that day Major Hoyt and Jas. Legate, and marched them to Lecompton.

Layman had no papers, and on their arrival at Lecompton Gov. Shannon refused to recognize his authority to arrest the parties, but Sheriff Jones, who stood by, seeing the dilemma of his subordinate, immediately prepared papers for the legal arrest of Hoyt and Legate, and they were imprisoned.

Various Matters.

NEW YORK, June 26.

Some of the leading North Americans refuse to fuse with the Republicans, holding that they have not been fairly treated by the Philadelphia Convention in the matter touching the Vice Presidency. The Americans and their speakers refuse to take part in the proceedings at the Tabernacle last evening. It is said arrangements are on foot to bring about a compromise.

The Commercial Advertiser of this evening announces its intention of hereafter supporting Fillmore, deeming his recent remarks to the Whig Committee as satisfactory.

Sailing of the Cunard Steamer Emeu.

The Cunard steamer Emeu left to day for Havre with 37 passengers, a full freight of merchandise and $150,000 in specie.

Ex-President Fillmore.

Ex President Fillmore visited Brooklyn yesterday, in compliance with the invitation of the Common Council of that city. There was a procession. The Mayor made a speech to him, he made a speech in return, and after that he made two more. He was toasted at a private dinner, and it is to be presumed he made another speech. A serenade was given to him last night in this city, when he spoke again.

JOE PENTLAND'S

CIRCUS!

Numbering 150 Men and Horses!

By far the Largest and most Perfect Establishment that will be exhibited in the Eastern States this season!

NEWLY equipped and greatly augmented for the year 1856, it is confidently believed, will be found to present a combination of novel and attractive features which will more than sustain the high reputation which it has attained in former years. Now, as heretofore, the management will endeavor to deserve success by giving the public a full equivalent for their money and performing even more than they promise, thinking a well deserved popularity honestly gained by fair proceedings much more desirable in the end than any mere temporary advantage, which may be obtained by resort to clap trap and humbug. In short having received the appellation of the

Model Circus of America!

They are resolved to maintain it by giving performances which it shall be impossible to excel.

JOE PENTLAND IS CLOWN,

and his name will be a sufficient guaranty that will without coarseness fun without vulgarity and mirth without end will characterize the comic department of the exhibition.

JOE PENTLAND'S CIRCUS WILL EXHIBIT

At BANGOR, on STATE Street

Thursday & Friday, July 3d & 4th.

July 3d two Performances at 2 and 7 P M. Doors open at 1½ and 6½.

July 4th THREE GRAND REPRESENTATIONS, commencing at 10 A M 2 and 7 P M the doors being opened half an hour previously.

ADMISSION, - - - - 25 CENTS.

Prominent among the great troupe of

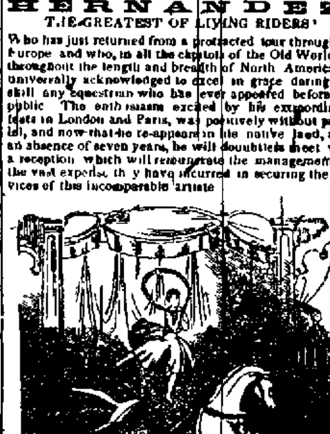

STAR RIDERS AND GYMNASTS

Attached to this establishment will be found the well known names of

HERNANDEZ,

THE GREATEST OF LIVING RIDERS!

Who has just returned from a protracted tour throughout Europe and who, in all the capitols of the Old World, as throughout the length and breadth of North America, is universally acknowledged to excel in grace daring and skill any equestrian who has ever appeared before the public. The enthusiasm excited by his extraordinary feats in London and Paris, was positively without parallel, and now that he re-appears in his native land, after an absence of seven years, he will doubtless meet with a reception which will remunerate the management for the vast expense they have incurred in securing the services of this incomparable artiste.

MAD'LLE ELOUISE,

The youthful and accomplished Lady Equestrian, the most dashing and spirited female rider who has ever appeared in this country and whose startling acts of equestrianism executed upon a *Bare Backed Steed* have gained for her the undisputed title of FAIRY QUEEN OF THE ARENA.

THE NICOLO FAMILY,

From the Gymnase Comique, and Cirque Olimpique, Paris, the Theatre Royal Drury Lane, and Astley's Amphitheatre, London beyond doubt the most versatile and accomplished gymnastic performers upon earth. A full description of the wonderful feats of these artistes would occupy more than the entire space devoted to this advertisement—there is only room to state that for originality, classic elegance and perfect execution they surpass anything of the kind ever witnessed upon this side of the Atlantic.

MR. S. P. STICKNEY,

The unequalled Four and Six Horse rider, the best in the world is also included in the troupe together with a host of

Scene Riders, Trick Riders, Tumblers, Acrobats, Posture Masters, Equilibrists &c., &c.

Too numerous to particularize by name.

A JUVENILE TROUPE

Of Infantile Performers is included in the array of talent attached to the company and the performances of these prodigies of equestrian and gymnastic skill form an entirely novel and attractive feature of the entertainments.

The Brilliant Performances

Given by this Troupe include every imaginable variety of

Daring and Extraordinary Acts of Horsemanship, Wonder Inspiring Gymnastic and Acrobatic Feats, Comic Equestrian Burlettas, Miracles of Sagacity by Trick Horses, Educated Ponies, and Performing Dogs

The company on entering town on the morning of the day of exhibition will make a GRAND PROCESSION through the principal streets headed by the

GORGEOUS MUSIC CAR,

Devoted to the conveyance of the

WASHINGTON BRASS BAND,

Led by the celebrated composer and conductor, Sig Kerr.

As any quantity of superfluous gas, and is still escaping from minor and inferior establishments, we deem it unnecessary to give brief sketches of the unequalled performers attached to this establishment, but say that we have the best Clown in America, JOE PENTLAND whose off hand repartee, sarcastic humor, exuberant wit, exquisite polish, classic attainments, fastidious taste, and inexhaustible originality—rare qualities in clowns—has no equal. His bon mots, wise saws, and witty sayings, have been set to music by his best contemporaries in all parts of the country. A discriminating public will be pleased to have this assurance of the exclusion of the vulgarity, ignorance and often indecency, with which the important department of clowning is unfortunately sometimes disgraced.

We have the best Single Rider in America,
We have the best Female Rider in America.
We have the best 4 and 6 Horse Rider in America.
We have the best Scene Rider in America,
We have the best Acrobats and Tumblers in America.
We have the best stud of Horses and Ponies in America.

We have beyond dispute the best exhibition in America, and we have the company that performs all it advertises, which is the most remarkable feature in the equestrian business in America.

For further Particulars, see large and small Bills at the Hotels

Will also exhibit at

Wiscasset, June 25th, Damariscotta, June 26th, Thomaston, June 27th, Rockland, June 28th, Camden, June 30th, Belfast, July 1st, Frankfort, July 2d, Orono, Saturday, July 5th, Oldtown, Monday, July 7th, East Corinth, Tuesday July 8th, Dover, Wednesday, July 9th, Dexter, Thursday, July 10th, Pittsfield, Friday, July 11th, Unity, Saturday, July 12th.

The performance of the magnificent Horse FIRE FLY rode in the Grand Manege act by

Mrs C. L. NIXON,

Illustrating in a Series of Beautiful Feats of Equitation a Modern School of Lady Equestrianism with the saddle.

Mr Davis Richards,

an Equestrian attached to this establishment will in his feats upon a bare backed steed without saddle or bridle, than any other rider in the world can accomplish on a pad or saddle with all the usual performing accessories.

Gratuitous Outside Exhibitions,

The CAR OF BEAUTY. In the forenoon of the day of the arrival in town a Magnificent Procession will be given by the Troupe through the principal streets, in which will appear the *Majestic Car of Beauty* and a superb *Tableau Vivante*, formed by 24 children representing the character ... they appear in *CINDERELLA* in full dress.

About half an hour previous to opening the doors of the great Pavilion of Exhibition should the weather permit,

A Terrific Ascension!

Upon a SINGLE WIRE by a LADY, *Mad'lle LOUISE* will be made outside the Pavilion to a height of 30 feet from the ground.

Persons living at a distance from town are notified that the Grand Procession, including the Car of Beauty, will take place between 9 and 11 A M., and the ascension by Mad'lle Louise upon the Wire about 1 P M., to witness both of which of course there will be no charge.

Brief Sketches,

Of the Star Performers attached to Jim Myer's Unparalleled Circus.

JIM MYERS himself first saw the light in Providence in 1829, and commenced his equestrian career with the veteran Aaron Turner a manager who has raised more distinguished performers than all the others in the profession put together.

DAVIS RICHARDS was born in Va. in 1832 and apprenticed to Gen'l Rufus Welch in 1841. Nine years after he made his first bow to a Philadelphia audience in the great act in which he has no equal.

W W NICHOLS claims No. Adams Mass. as his birth place. He commenced the study of the equestrian art with his brother S. H. Nichols in 1830, and is now the greatest backward somerset rider in the world.

AUGUSTE and FRANCOIS SIEGRIST, twin brothers, look to the banks of the Rhine for their home and when quite young were placed under the tutelage of Monsieur Ozmane the elder, then the most accomplished teacher in Europe.

THOS WYATT the great Protean rider first opened his eyes in N York.

MONS. BENOIT from Paris, the most expert trainer of horses in America, whose skill can be seen in the performances of splendid horse Fire Fly.

M'LLE LOUISE pupil of the celebrated Cooke.

MRS. C L NIXON, an American Equestrienne, of whom it may be said with truth that she has few equals and no superiors.

Mess. ROSS, BENNETT, LYNCH, TRYON and WILSON all of American birth are living evidences of what Yankee enterprise can accomplish.

In addition to the above list of unrivaled performers Jim Myers' Circus is the only one in which the Fairy Legend of CINDERELLA, performed by 24 beautiful children can be witnessed.

Make up your Parties in time!

Jim Myers' Great Show

ARNOLD'S COMBINED

FOOT-STOVE, LANTERN, ...AND.... NURSE-LAMP,

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county, the above valuable invention, is now prepared to offer them to the public.

As a FOOT STOVE, it answers an excellent purpose, as it can be sufficiently heated in less than one minute to warm and dry the feet in the coldest winter weather, and will be found to be an indispensable article in traveling. It is heated by an oil, alcohol, or fluid lamp, the flame of which is protected from every external object.

As a LANTERN, it answers all the usual purposes, and is less likely to be overset, or get broken, and can be used as a house lamp with equal advantage

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm, beside giving the light desired, and for cooking in small quantities. For making tea, &c, it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat-iron heat in the same length of time

In fact, the various purposes to which this "heat" apparatus can be put may be readily conjectured by every one. No further description is required, as no one can misunderstand its general utility. To say any thing more respecting its adaptability to a hundred purposes would just be telling what our readers can all see at once for themselves

THE GREATEST MEDICAL DISCOVERY Of the Age.

Dr KENNEDY, of Roxbury has discovered in one of our *common pasture weeds*, a remedy that cures

EVERY KIND OF HUMOR;

From the worst Scrofula down to a common Pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth

One to three bottles will cure the worst kind of pimples on the face

Two to three bottles will clear the system of biles

Two bottles are warranted to cure the worst canker in the mouth and stomach

Three to five bottles are warranted to cure the worst case of Erysipelas

One to two bottles are warranted to cure all humor in the eyes

Two bottles are warranted to cure running of the ears and blotches among the hair

Four to six bottles are warranted to cure corrupt and running ulcers

One bottle will cure scaly eruption of the skin

Two to three bottles are warranted to cure the worst cases of ringworm

Two to three bottles are warranted to cure the most desperate case of rheumatism

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst cases of scrofula

A benefit is always experienced from the first bottle; and a perfect cure is warranted when the above quantity is taken.

Reader I peddled over a thousand bottles of this in the vicinity of Boston I know the effect of it in every case So sure as water will extinguish fire so sure will this cure humor I never sold a bottle of it but that sold another after a trial it always speaks for itself There are two things about this herb that appear to me surprising first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor

In order to give some idea of the sudden rise and great popularity of the discovery I will state that in April, 1853, I peddled it, and sold about six bottles per day,—in April, 1854, I sold over one thousand bottles per day of it

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it There is a universal praise of it from all quarters

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have

I know of several cases of Dropsy, all of them aged people, cured by it For the various diseases of the Liver, Sick Headache Dyspepsia Asthma Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in Diseases of the Kidneys, &c , the discovery has done more good than any medicine ever known

No change of diet ever necessary—eat the best you can get, and enough of it

DIRECTIONS FOR USE —Adults one table spoon ful per day—Children over ten years dessert spoon ful—Children from five to eight years, tea spoon ful As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day

The Principal Office for the State of Maine and the British Provinces is at the Drug and Medicine Establishment of H H HAY 15 & 17 *Market Square Portland Maine*, to whom all orders should be addressed Sold by respectable Druggists throughout the United States and British Provinces
